GLASS GARDEN ROOMS

Nebbiolo

The Nebbiolo Veranda Slim, elegant and very competitively priced!

Enjoy special moments sheltered from the forces of the weather. With the Nebbiolo from Glass Garden Rooms you will experience your garden as you would like to experience your garden. All this under a slim, elegant and timeless design.

Outstanding

The Nebbiolo is number one when it comes to quality and price. This veranda is slimmer than our other models, offering excellent value for money. In the slimline veranda market the Nebbiolo is sturdier than what is usually expected. The in-between beams are fitted with aluminium covers instead of plastic top covers, which makes the covering very sturdy and robust. The Nebbiolo is characterised by a slim, elegant and timeless design.

Characteristics

This veranda is available in standard widths of 4, 5 or 6 meters. The roof is equipped with a polycarbonate roof; high-quality and durable material with a timeless appearance.

Ribolla

The Ribolla veranda; Enjoy a covered terrace everywhere

Behind your lawn. By the pond. Or at the pool. With the Ribolla from Glass Garden Rooms you bring the inside out. Anywhere in your garden.

Outdoor living wherever you want

With a veranda you can bring the indoors outside and create a wonderful place directly adjacent to your home. With the Ribolla, however, Glass Garden Rooms presents a veranda that can be placed completely free-standing in your garden. The construction of this roof is completely independent. This means you are not dependent on placement against the wall. You can create a covered terrace at any desired location and enjoy the outdoors to the fullest.

Characteristics

The highest point of the Ribolla is at the front. As a result, the drain and gutter are nicely concealed at the back. The Ribolla can also be built with flexibility in mind. It comes standard with a closed back wall, one closed side wall (or a side wall with an ultra-clear polycarbonate window) and one side wall with a landing. Of course, other combinations and variants are also possible and the Ribolla can be adapted to suit your requirements.

GLASS GARDEN ROOMS

Verdeca

The Verdecas Folding roof; Ultimate flexibility with a sleek design

With a Glass Garden Rooms folding roof, your terrace comes alive. Whatever the weather, you can open or close the roof with a simple press of the remote control. This means that you decide how much sun comes in and that you can still sit outside even in bad weather.

Extra living pleasure

Enjoy extra living pleasure in the garden through ultimate flexibility. Who would not want that? The Verdecas roof canvas is made of a sun-resistant and water-resistant fabric. Are you sitting under this veranda and want to enjoy the sun? Then, with one push on the button, raise the canvas (partially) so you can immediately enjoy maximum light and the beautiful weather. If you prefer to sit in the shade or seek protection against wind, rain or UV radiation, you can close the screen with the same ease.

By adding glass sliding walls you can choose to extend your Verdecas veranda to a complete garden room. With the flexible Verdecas veranda, you can therefore enjoy optimum comfort at your terrace.

Pinela

The Pinela Louvered Roof; The perfect light on your terrace

Want to decide for yourself how you want to enjoy the sun and the weather under your pergola? Now this is possible with the Pinela pergola from Glass Garden Rooms. With the remote control you can easily tilt the panels in the roof to a different position. This way you have the control to play with the light, the shade and the airflow under your roof.

Take control over the lighting and ventilation

During the summer, you have the flexibility to either sit in the sun or take advantage of the shade. In the winter on the other hand, you will experience the benefits of the waterproof roof and the protection against all kinds of weather conditions! This allows you to enjoy your terrace during all seasons, all year round.

The Pinela has a durable and sleek design which makes this roof a real addition to your home. With a remote control, the panels are easy to rotate into a position that creates the perfect light for you. Because the panels are continuously adjustable up to 120 degrees, you can even let the panels rotate with the sun!

Turn your veranda into a Glassroom; enjoy your garden and terrace longer, with sliding glass doors

Just imagine. A rainy and windy day. You look outside from your living room. And you miss the outdoors. It is a shame that in such a case your living room beckons more than your covered terrace. With our sliding glass walls, we ensure that you can relax under your canopy whatever the weather. Or rather: in your luxurious and attractive garden room.

Ultimate outdoor feeling

The glass panels are available in different heights and widths. They can run in two to six tracks and have no frame. Thus offering an unobstructed view of your garden. In addition, a glass sliding wall also protects against wind and weather elements. This way you can enjoy the ultimate outdoor feeling, even in bad weather. And when the weather permits, simply open the panels.

Always a solution!

Did you know that Glass Garden Rooms's sliding glass doors are not only suitable for Glass Garden Rooms's aluminium verandas. They can be installed under existing structures, in timber buildings and in a multitude of other ways.

GLASS GARDEN ROOMS

Accessories

With our accessories, you can make your veranda suitable for every moment, season or weather type.

Concrete footings

Supporting foundation.

A Glass Garden Rooms veranda can be installed on any existing surface. For extra firmness or when a solid foundation is not available, you can also choose concrete footings; These concrete footings can easily be installed under the Posts, out of sight, and can be supplied with and without rainwater drain. No surface is the same, so seek advice of one of our Glass Garden Rooms dealers about the best foundation in your garden situation.

Sliding glass door tracking system

All glass panels open and close at once.

Our 'tracking system' makes sure that all panels are moved automatically, when opening or closing the glass wall. This way, you can easily open or close the entire wall. The carriers can be mounted in the profile in a flexible way, meaning that you decide where the panels overlap.

Sliding glass door handles

To be opened easier, without stains or fingerprints on the window

Have you expanded your veranda with glass sliding walls? If so, you can opt for extra handles to open the sliding walls even easier, without stains or fingerprints. These door handles can be attached easily to the glass panel at a place of your liking. In this, you can choose between adhesive handles and screw-on handles.
